Bond, due to availability issues, this has been passed from Mr. Benson and Mr. Poole to you. It is simply a meet and greet with Mr. Lavie. Doug says it should occur here at NC. You're welcome to take one or two others from NS who might be interested in the subject matter (b)(7)(E)

Call or email with any questions. Also, pls advise your availability on Wednesday, June 11, or morning of June 12 so I can schedule with Lavie (b)(6). Thanks, (b)(6)

Mr. Benson;

Hope you are well. Thank you for your service at DEA. I have a special appreciation for your work. (b)(6)

(b)(6)

(b)(6) I have been a Senior Advisor at Dickstein, Shapiro. One of my clients is a company called Westbridge. It is an American owned company associated with an Israeli company called NSO. I have attached a company brochure; product presentation and company profile. I think if you will look at the product presentation you will agree that their technology has remarkable intelligence applications.

The co-founder of the company, Opri Lavie, will be in DC on June 11<sup>th</sup> and the morning of June 12<sup>th</sup>. I would respectfully request that if your schedule permits that you grant a meeting to Mr. Lavie.

While I have a previous out of town appointment on those days, my colleague, (b)(6) would be able to accompany Mr. Lavie.

I know your schedule is packed but it would be a great favor if you can find an opening to meet with the Westbridge folks.

High regards- (b)(6)

Good morning...this is real short notice. I inherited a meeting with some folks who want to pitch some technology to (b)(7)(E). This seems to be mostly in your lane, although it has some intelligence end use. Don't know if anyone from ST would be able/interested in attending but if you can I would welcome it. This is basically a courtesy meeting to listen to them and see if we have any interest. I attached the various brochures/information they sent us.

The meeting is today (Wednesday) at 10 am in the NC conference room (12<sup>th</sup> floor by NC office in West building).

Mr. Benson;

Hope you are well. Thank you for your service at DEA. I have a special appreciation for your work. (b)(6)

(b)(6)

(b)(6) I have been a Senior Advisor at Dickstein, Shapiro. One of my clients is a company called Westbridge. It is an American owned company associated with an Israeli company called NSO. I have attached a company brochure; product presentation and company profile. I think if you will look at the product presentation you will agree that their technology has remarkable intelligence applications.

The co-founder of the company, Omri Lavie, will be in DC on June 11<sup>th</sup> and the morning of June 12<sup>th</sup>. I would respectfully request that if your schedule permits that you grant a meeting to Mr. Lavie.

While I have a previous out of town appointment on those days, my colleague, (b)(6)

(b)(6) would be able to accompany Mr. Lavie.

I know your schedule is packed but it would be a great favor if you can find an opening to meet with the Westbridge folks.

High regards- (b)(6)

Good morning,

As discussed, we would like to move forward and meet with your S&T folks and conduct a demo of our solution. We could do the demo either at your office, or alternatively, we can find another location (our lawyers' conference room, or a hotel conf. room). Will the week of July 21st work for you? Please let me know ASAP it so, and what day exactly would work best on your end that week.

Best,

Dear all,

Will any time between July 21-23rd work on your end for a follow up meeting and demo (along with the S&T folks)? Please take into consideration we need a minimum of 1 hour for that meeting (as i mentioned, we can do it in your offices, or find another spot, whatever works best for you). Please let me know which of those dates work best for you and what time exactly.

Many thanks,

Good morning,

As discussed, we would like to move forward and meet with your S&T folks and conduct a demo of our solution. We could do the demo either at your office, or alternatively, we can find another location (our lawyers' conference room, or a hotel conf. room). Will the week of July 21st work for you? Please let me know ASAP if so, and what day exactly would work best on your end that week.

Best,

Gladly. I'd appreciate if you could let me know what you'd like to discuss, so I can make sure I will be prepared and have the right people from our team at the meeting.

Post-demo, could be same day or the following days (on the week of the 21st) would probably be best.

Hello all,

Apologies in advance for pressing on this, but we have a few out-of-town commitments that we must schedule asap, so we are in quite a hurry to finalize the meeting time with you for the demo. As i have mentioned, the ideal time for us will be the 22nd, and our second preference would be the afternoon of the 21st. Please keep in mind that for a demo, we need a minimum of 60 minutes meeting (plus we'd like to have about 30 minutes prior to the meeting to set up).

Thanks!

Dear Mr. Wells and (b)(6)

On behalf of Westbridge Technologies, I wanted to thank you and your team for taking the time to meet with us this week. We all found the meeting very interesting and hope we can find a way to work together in the future.

As discussed in our meeting, we would like to follow up with a demonstration of (b)(4),(b)(7)(E) capabilities soon. The demo requires on your end a working wifi and a screen/projector, and could be conducted in your offices, or we can find another place to have it. Also, please let us know how the contact with the S&T folks should happen.

I will circle back in the next couple of weeks to schedule an exact time that works for the meeting/demo. In the meantime, please let me know if there is any information you would like us to provide prior to the meeting.

I look forward to speak to you soon.

Best,

(b)(6) about 2 weeks ago Bond Wells and I took the meeting referenced below. It was initially arranged between Rodney Benson and (b)(6)

(b)(4),(b)(7)(E)

(b)(7)(E) Westbridge Technologies is a U.S. subsidiary of an Israeli company. It appears they are not yet approved to do business in the U.S., and acknowledge they have learning curves (learning U.S. law enforcement needs, and otherwise) to deal with. (b)(7)(E)

(b)(7)(E)

They have proposed a demonstration of (b)(4),(b)(7)(E) for on or about July 22. The demo will take about 60 minutes, and require about 30 minutes to set up. They will need Wi-Fi Internet access and a screen/projector. They can come out to ST or another location.

They will be sending me documentation later today, which I will forward. Please advise if this is of interest to ST and with whom I should coordinate further. Thanks (b)(6)

Dear Mr. Wells and (b)(6)

On behalf of Westbridge Technologies, I wanted to thank you and your team for taking the time to meet with us this week. We all found the meeting very interesting and hope we can find a way to work together in the future.

As discussed in our meeting, we would like to follow up with a demonstration of (b)(4) (b)(7)(E) capabilities soon. The demo requires on your end a working wifi and a screen/projector, and could be conducted in your offices, or we can find another place to have it. Also, please let us know how the contact with the S&T folks should happen.

I will circle back in the next couple of weeks to schedule an exact time that works for the meeting/demo. In the meantime, please let me know if there is any information you would like us to provide prior to the meeting.

I look forward to speak to you soon.

Best,

(b)(6)

Mr. Wells,

As you may know, our meeting with the S&T team will take place on July 22nd between 9-10:30 at Lorton, VA. I understand you will most likely to attend the meeting/demo as well. Would you like to meet before that (the afternoon of the 21st) or right after the 22nd morning meeting?

Best,

Unfortunately, he'll be out of town for the remainder of Aug. We would of course be happy to meet in Sep., but prefer to have a phone call first, so we can continue to progress. As I mentioned, a conference call tomorrow or Thu would work on our end.

Many thanks,

Sir,  
When would you be available to take a call? We are available now if that works for you.

Do we have any input from ST?

We need to talk prior to the call. I had a short call with Omri yesterday we need to discuss. Bond

Unfortunately, he'll be out of town for the remainder of Aug. We would of course be happy to meet in Sep., but prefer to have a phone call first, so we can continue to progress. As I mentioned, a conference call tomorrow or Thu would work on our end.

Many thanks,

I wanted to circle back and ask you if you could connect us with your colleagues as you've mentioned, as we would like to meet with them and get a better understanding of your requirements so we can send you a POC. (b)(6) is still in town next week and we prefer to meet while he is still here.

Good afternoon,

Thank you for your continued interest in establishing a relationship with our agency. Unfortunately, due to the high cost associated with the initial test and the approximate cost of the overall system I don't think that it is within our current budgetary parameters to pursue. In light of this I would suggest that we table our preliminary plans to meet next week and we will contact you in the future if funding becomes available, or if alternate arrangements can be made. Thank you for your time and efforts.

Thank you for this email.

Since your agency is very important to us as an organization and we plan to be in town next week I would really appreciate if we can meet face to face to discuss this, I am sure the price of the field test should not be the show stopper at this point, I am confident we can think of ways to be creative and overcome this specific budgetary issue and I think this can be done only in person.

Please let me know if it is possible.

Thanks,

Dear all,

I want to take this opportunity to thank you for investing your time with us. The numerous meetings and exchanges we had with your team have provided us with valuable feedbacks and information as Westbridge further establishes itself in the US market.

As previously discussed, we are confident that there could be a great value to a future partnership between your organization and Westbridge with its unique solution.

The Westbridge team and myself are available at any time, should you have any inquiries.

Best regards,

Mr. Wells,

Following our mutual process Omri was wondering whether he can have a short phone conversation with you at your earliest convenience.

Thank you
